

### **AMENDMENTS TO THE ABSTRACT**

Please substitute the following paragraph for the abstract originally filed:

A method for developing a sub-sea hydrocarbons field includes sub-sea wells, sub-sea oil/gas separation, storing the degassed oil in a storage tank located ~~on~~ on the seabed, liquefying natural gas aboard a vessel using liquid nitrogen aboard the vessel to obtain liquefied natural gas, transporting the liquefied natural gas to an onshore terminal, re-gasifying the liquefied natural gas, and obtaining a new batch of liquid nitrogen using energy recovered from the re-gasifying the liquefied natural gas.
